

MH-36_{E8J} DTMF Hand Microphone

The MH-36_{E8J} is a scanning hand microphone with DTMF keypad, designed especially for Yaesu transceivers having a 8-pin modular microphone jack, such as the FT-817.

A lamp switch illuminates the DTMF keypad for easy viewing in the dark.

- ① **DWN button.**
Press to tune down, hold to start scanning.
- ② **UP button.**
Press to tune up, hold to start scanning.
- ③ **Microphone element.**
